THE LUMINOUS COLLECTION · 2025

Light, Reimagined Through Craft & Code

ARSHH lamps are born from the intersection of architectural design and digital fabrication. Each piece is individually printed in premium PLA from our Udaipur studio, celebrating the honest beauty of layer-by-layer construction, where the process itself becomes the aesthetic. No moulds, no waste — only the exact material needed, shaped by light and code.

T-01

Cumulus

BEDSIDE TABLE LAMP

Stacked bubble form with fine vertical ribbing — translucent PLA diffuses a warm bloom of light in every direction. Equal parts sculpture and nightlight.

Rs. 899

T-02

Ember

MODERN DESK LAMP

Sinuous wave-ribbed vase form available in coral, white and sage. The organic silhouette glows from within, casting warm tonal gradients across your workspace.

T-03

Solstice

SCULPTURAL CENTERPIECE

Dense vertical fin array over a barrel form. The fins catch and separate light into layered warm bands — an architectural object as much as a lamp.

Rs. 899

PLA · AMBER GLOW

C-01

Vortex

MINIMAL PENDANT LAMP

Teardrop body with diagonal swirl-ribbing flowing continuously from crown to hem. The organic spiral surface projects rippling shadow patterns on walls behind.

Rs. 1,299

PLA · MATTE WHITE

C-02

Facette

STATEMENT GLOBE PENDANT

Geodesic globe with large origami-folded facets — natural kraft-toned PLA creates a warm amber lantern effect. A statement over dining tables and entryways.

Rs. 1,299

PLA · NATURAL KRAFT

C-03

Alvear

HONEYCOMB PENDANT

Open honeycomb lattice over a lobed form — every hexagonal cell frames the filament bulb within. Transparent amber PLA creates extraordinary depth of field.

Rs. 1,299

PLA · AMBER TRANS.

Wall-Mounted Lamps

Plisse

AMBIENT WALL PANEL

Semi-cylindrical ribbed panel flush against the wall, emitting a soft upward wash. Tight vertical pleats diffuse illumination evenly without glare.

Rs. 1,599

PLA · MATTE WHITE

W-02

Helix

DECORATIVE WALL SCONCE

Pinched twist vase on a circular wall plate — the sinuous silhouette references ceramics while the printed surface catches light in diagonal bands.

Rs. 1,599

PLA · MATTE WHITE

Lumiere

ARCHITECTURAL WALL FIXTURE

Faceted origami sphere suspended from an arched white arm bracket. The geometric globe throws dappled light forward while the curved arm creates striking negative space.

Rs. 1,599

SCULPTURAL FLOOR LAMP · 160CM

Waisted wave-contour shade on a brushed brass pole. Fine horizontal ribbing glows warmly through translucent PLA — the sinuous form reads differently from every angle.

Rs. 2,899

PLA · 160CM H

*“Every lamp is printed layer by layer —
the same way light itself builds atmosphere,
slowly, intentionally, beautifully.”*
